

## **Gerry Ghazi**

Gerry Ghazi is founder of the Institute for American Apprenticeships at Vermont HITEC and has been its Board Chair and President since its creation in 2000. Mr. Ghazi is also a state/federal apprenticeship subject-matter expert on various US DOL OA contracts. Mr. Ghazi has extensive business knowledge and experience in the areas registered apprenticeships, corporate and academic universities/colleges, corporate education, instructional design, curriculum development, entrepreneurial leadership, corporate management and process redesign, business strategies, corporate and employment law, sales, information technology, and software engineering.

Before dedicating himself to Vermont HITEC, he was the Director of the Institute of Technology at IDX Systems Corporation (now GE Healthcare). He developed and implemented an award winning academically approved corporate education program that received international recognition in the Financial Times. He also was a member of IDX's Redesign Team and Director of IDX's Corporate IS. Prior to joining IDX, Dr. Ghazi was a practicing attorney for the law firms of Bogle & Gates in Seattle, Washington, and Smith, Stratton, Wise, Herr and Brennan in Princeton, NJ. While attending law school, Mr. Ghazi worked as a law clerk for AT&T's Corporate Counsel, and a legal intern for the U.S. Attorney's Office and judicial intern for a U.S. Federal District Court Judge. Prior to his law career, Mr. Ghazi was a Software Engineer and then a Marketing Representative for IBM.

Dr. Ghazi obtained his J.D. from Seton Hall University School of Law in Newark, New Jersey (1987). He received his B.A. in Computer Science from Rutgers State University – New Jersey, (1981) and an A.A.S. in Computer Science (1979) from County College of Morris - New Jersey. Dr. Ghazi was born in New Jersey and has made Vermont his home over the past 30 years.
